

Our plan is to reinstate the Chamber of Commerce for Bruton.

Nicola Mendoza Wilson and Charlotte Melling will host an event on May 1st at The Chapel Bruton with a view to recruiting a committee of volunteers which will enable them to run a functioning Chamber of Commerce.

We aim to be a point of contact for local businesses. An inclusive place to connect and nurture all the positive things about Bruton as well as being a platform to voice concerns.

We will produce an up to date list of businesses and a map to be distributed amongst local businesses and tourists. Both the list and map are to be kept up to date throughout the year. Someone will co-ordinate an electronic version of the same map on The town council website.

A representative will be at all Town Council meetings - to be the voice of Bruton businesses

We will be a point of distribution for wider Somerset Chamber info - ie any grants/education etc available.

*We will produce some up to date press releases about the town to promote the exciting businesses and community that Bruton has to offer. These press documents will be circulated with national and local press and be available on Bruton Town website.*

The chamber will operate on a subscription basis which will be £40 per year.

For this fee businesses will get -

A listing on the map

Regular meet ups/ coffee mornings to voice issue and concerns.

Members will be provided with an update on annual events and progress in the town of Bruton.

Have an opportunity to connect and support Good Company Bruton with charitable events.
