

## BRUTON MONDAY CLUB / Bruton Mini Day

Firstly may I apologise for not being here in person, but if I may send a small report saying how well the group seems to be progressing. Number wise we now stand at 13 but half of this number like to come later to have their meal and spend the afternoon with us. One of our helpers Dee is a very good artist and she comes once or twice a month to help 5 of them paint, whilst the others like to play cards...You will have seen some of their paintings on the shelves. We have managed to keep our prices steady albeit the cost of food is going up and up, so we are most grateful for the grant you have given us. We have just taken the group out for their belated Christmas meal at The Bell Inn , in Evercreech. That was a jolly affair as we also had two birthday celebrations. I also must add we did put on a fine spread for them before Christmas too. May I also take this opportunity to thank our volunteer helpers/cooks without whose help, there would be no club, and its has been going for many many years now and hopefully it will continue.
