

Bruton Horti Soc

We Love Gardens & Gardening

- We have over 80 members who come from a wide area centred on Bruton.
- We enjoy illustrated evening talks in autumn and winter, given by interesting and varied speakers. Our last talk was a fantastic talk about the Forest of Selwood' charity's environmental projects. Our next on 21st September is about "Putting your garden to bed for winter".
- We visit gardens in spring and summer for a modest cost and have an evening garden centre visit with a 25% discount. Our next outing, tomorrow, is to Longstock Park Water Garden in Stockbridge.
- We have a Summer Garden Supper in a nearby garden – in June we will be at a private garden on the edges of Hadspen.
- Our 101st Annual Show is on 22nd August where we have a full show programme of classes for growers and showers, young and old.
- After Christmas we get together for a Winter Lunch which is always a jolly event in a local establishment
- Seeds, compost and garden sundries can be ordered at discounted prices.
- We send out two newsletters a year with full details of the programme either by email or in printed form.
- Do join us for a modest cost of £8.
